## mod. 308E

This is the most powerful insect killer in the professional range.

### CONSTRUCTION

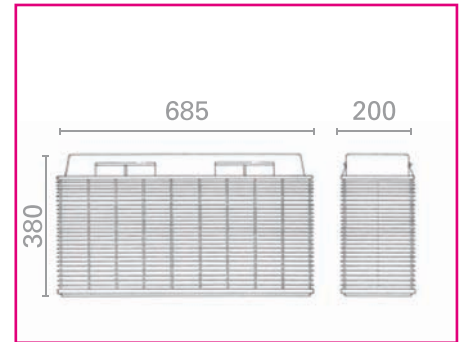

The extremely sturdy construction guarantees long life even in the most difficult environments. The product is covered by a full 2-year warranty from MO-EL, excluding the lamps, which need to be replaced annually.

### LAMPS

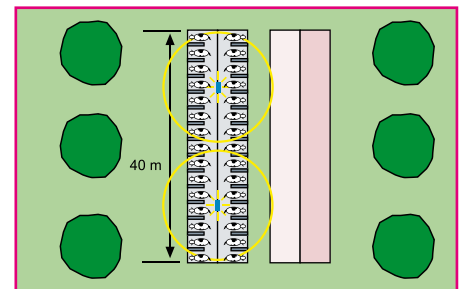

Supplied with two powerful 40W UV-A lamps, the model generates a total power output of 80W and an operational range of about 15-18 metres. The lampholders are watertight so as to guarantee perfect operation even in conditions of excessive humidity, rain, dust or steam.

### SAFETY

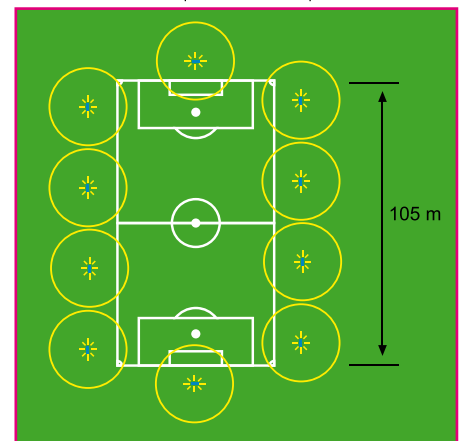

Conceived for maximum hygiene and safety, this model has class IPX 4 IMQ approval.

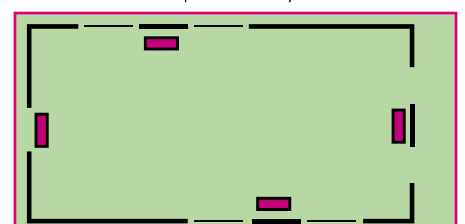

Placement example: orchard.

Placement example: football pitch.

Placement example: factory.
